

**GATES COUNTY BOARD OF COMMISSIONERS
REGULAR MEETING MINUTES
APRIL 1, 2015**

The Gates County Board of Commissioners met in Regular Session at 10:00 a.m. Wednesday, April 1, 2015 in the Main Court Room, 202 Court Street, Gatesville. Commissioners Hofler, Owens, Jordan, Felton and Freeman were present. Also present was County Manager, Natalie Rountree.

Commissioner Jordan led in prayer and the pledge of allegiance.

Chairman Hofler called the meeting to order.

Approval of Minutes

Commissioner Jordan shared 2 corrections to be made to the March 16th minutes.

Commissioner Owens made a motion to approve the minutes as corrected for March 4, 2015, and March 16, 2015. Commissioner Jordan seconded the motion; motion carried unanimously.

Approval of Agenda

Chairman Hofler stated the agenda needs to be adjusted to add item 15, a surplus request from the Water Department.

Commissioner Felton made a motion to approve the agenda as adjusted. Commissioner Freeman seconded the motion; motion passed without opposition.

Delegations – Unannounced

None

Delegations – Announced

Adrienne Bradley, Juvenile Crime Prevention Council Chairman, presented the annual request for funding approval. Gates County JCPC has been receiving around the same amount each year and right now it does not appear funds will be cut. Ms. Bradley explained the tutoring program and the Genesis Program are the two programs selected for funding. There are students at the high school and the middle school who benefit from these programs. The Genesis program targets young males from 3rd grade through high school for tutoring and enrichment programs. This year the program may be expanding to open up to females.

Commissioner Jordan asked if we have any way of measuring the success of these programs. Ms. Bradley explained there are measurable objectives within each program that have to be met. When each program submits their request for proposal for funding they must show how well they met their goals in the previous year and if they are on target to meet their goal for the current year.

Chairman Hofler asked when the tutoring occurs. Ms. Bradley stated the tutoring occurs after school at the various schools. This year Damascus Church received the 21st Century Grant and is working with the Genesis Program to make sure all student needs are being met.

Commissioner Freeman asked how our funding compares with other tier 1 counties. Ms. Rountree explained in the past the funding has been based on County population.

Commissioner Jordan made a motion to approve the Funding Request for the Juvenile Crime Prevention Council. Commissioner Owens seconded the motion; motion passed without opposition.

Bland Baker, Northern Regional Director for Coastal Care & East Carolina Behavioral Health presented a short history on the transitions that have taken place with ECBH. Prior to 2007 ECBH was a small 4 county program, in 2007 they merged with New Center

which brought 3 counties into the service area and they became ECBH, in 2010 the Albemarle and Tidewater counties joined ECBH which brought the organization to 19 counties. Effective July 1, 2015 there will be a consolidation with Coastal Care for a total service to 24 counties. Mr. Baker Explained in depth the proposed two tier Board structure. When a multicounty area has a population over 250,000 an alternate Board structure can be proposed, which is what they have decided to do. Coastal Care and ECBH put together a steering committee which is proposing a two tiered board structure to service three proposed region. Each region will have equal representation on the Advisory Board. Each region will be made up of two representatives from each county, a county commissioner and a commissioner appointed representative. The purpose of the regional board will be to involve local stakeholders, promote understanding and collaboration and to look at monitoring the performance of services in the region. The Regional Board advises the CEO on the evaluation of the Regional Director, recommend priorities, and reviews the annual budget. At a regional level the board will monitor access to care, financial status, service delivery, provider network, consumer satisfaction and identify gaps and needs in the area. The regional boards will make recommendations to the governing board. The governing board determines policy, strategic planning, hires & evaluates CEO, budgets, addresses governmental affairs and advocacy. Mr. Baker concluded with showing the organizational chart for the three regions, regional advisory board and the governing board.

Commissioner Freeman, asked if Port is utilized. Mr. Baker confirmed they are a very strong substance abuse provider in the region.

Commissioner Jordan asked how often the regional board will meet. Mr. Baker explained the meeting dates and times will be determined by the board. The governing board meets every other month but the board could determine they need to meet more often. Commissioner Jordan stated the resolution does not outline any type of stipend to cover travel and such for board members, will funds be budgeted from the ECBH program. Mr. Baker said the regional board will be treated like the governing board and there will be a stipend to cover travel and meals.

Chairman Hofler asked if there is a process where the county representation on the governing board will be rotated out so each county has representation. Mr. Baker said there will be a rotation process and over ten years where each county will have a representative on the Board.

Commissioner Owens asked if a commissioner has to be represented or if the Board could appoint a representative on their behalf. Mr. Baker stated they would prefer a Commissioner but if the Board felt there was a citizen who could provide better representation they could appoint them to represent the Board of Commissioners. Commissioner Owens asked if one county has a greater need can the budget be changed despite the population. Mr. Baker explained with the Medicaid services the majority of the local money is spent in crisis and prevention training and recovery education classes. There may be an area where the regional group feels the moneys should be realigned. The State money often supports the same programs year after year.

Mr. Baker explained each year there is a gap and needs analysis conducted in which the regional boards will be very active in providing information. There has been a lot of time and effort put into crisis management. When a crisis occurs there should be someone to Gates County within the hour.

Commissioner Jordan asked if the crisis prevention program provides training in aggressive behavior de-escalation. The Department of Social Services is very interested in some of these types of training. Mr. Baker said they more than likely could provide training for DSS but it will not be a certified program.

Commissioner Freeman asked if the budget book shared at the last budget meeting could be forwarded to the county manager to be shared with the entire Board and noted the budget included the sales of old properties. Mr. Baker verified there are some old properties no longer being used on the market.

Commissioner Freeman made a motion to approve the Resolution of Support for an Alternative Governance Structure for the Area Authority Serving Gates County. Commissioner Felton seconded the motion; motion passed without opposition.

Administrative Reports

Natalie Rountree, County Manager, presented the managers' report for February 19-March 20, 2015. The Old Historic Courthouse is still on hold, several phone messages and emails have been left for Ms. Sass of Sass Conservation. The initial work on the EIC building has been completed. This includes a French drain being installed as well as old insulation being removed and sand being placed under the building. Additional work will need to be completed in the next budget year. All departments have submitted budget request, the budget presentation will be made at the May 6th meeting. On March 5th twelve Gates County employees attended a records and retention training sponsored by the State Archives of North Carolina. On March 10th Chair Hofler, Sandy Pittman, & Ms. Rountree met with Dr. Williams, Rube Blanchard, & Chair Boone of the Gates County Board of Education for a budget needs overview. There will be a joint board meeting on April 20th to discuss the budget. On March 11th Ms. Rountree attended the Gates County Juvenile Crime Prevention Council (JCPC) meeting. Chair Hofler & Ms. Rountree attended the Albemarle Regional Solid Waste Meeting in Hertford. The current and draft FY16-17 budgets were discussed. Discussion was held regarding Washington County joining the group. Ms. Rountree & Ms. Hofler also attended the PCG meeting where Brad Gardner gave an update on projects that have been completed at convenience sites and those that are ongoing and shared that a few Gates County residents have contacted him about wanting platforms installed around the open top containers so they can be accessed more easily. PCG is not responsible for this since this is a Gates County only request but insurance recommends metal platforms, not wood. If we wish to provide the platforms, we would have to fund them at our expense.

Chairman Hofler asked if the library has any pressing needs. Ms. Rountree explained they have a few issues being taken care of this budget year and continue to have concerns about the humidity levels in the building. They feel it is an HVAC issue but the units have been looked at several times.

Commissioner Jordan asked what other options have been discussed if Ms. Sass is not able to look at the building. Ms. Rountree said Clearscapes has been holding off until they hear from Ms. Sass so there has not been a lot of discussion about what will occur if she is not able to view the building. Everyone is in agreement the wall will have to be rebuilt but she may be able to determine if other work needs to be done for a long term fix.

Commissioner Owens said the lawn at the library needs to be improved; the property will probably have to be turfed.

Kathy Lane, Tax Administrator, presented the collectors report to the Board. Commissioner Jordan asked if the solid waste fees portion under prepayments come in monthly. Ms. Lane said it needs to be removed from the collector's report; the line was on the report last month because there were monies collected in relation to a foreclosed property. There is some activity being generated by Zacchaeus Legal Services on the recent 36 accounts sent to them. It is time for the Board of Equalization and Review and a date will need to be set. The first advertisement will be April 8th and a meeting could occur the week of April 20th. Currently there are no property owners scheduled to meet with the Board of Equalization and Review. The Board is required to meet at least twice in a non-revaluation year.

Commissioner Jordan stated in the years past the first meeting was a half hour training and then they would review any cases on the agenda. The Board will schedule the rest of the meetings but only meet if there is something on the agenda with the exception of the last meeting which is mandatory to attend.

Chairman Hofler asked if the Board could meet on April 20th at 2 p.m. prior to the Board of Education meeting. The Board was in agreement that the April 20th date and time would work with them and closeout will be scheduled for 6 p.m. on May 18th.

Commissioner Jordan stated in the past the County has contacted adjoining land owners to see if they would be interested in purchasing properties. Ms. Lane confirmed all of the properties are unique and are not the typical 1.5 acre lot with road frontage and the best bet of selling the property may be the adjoining landowners.

The Board agreed to have Mr. Ellis move forward with advertising the properties.

Commissioner Jordan asked if there are any options for a property that will cost us more to advertise and sell than the property is worth. Ms. Lane said not all properties are on the list to be advertised for that reason.

Commissioner Felton made a motion to proceed with advertising 3 properties for foreclosure following the general statutes & adding legal and advertising fees. Commissioner Freeman seconded the motion; motion passed without opposition

Commissioner Owens asked Ms. Lane to find out if there will be an absolute auction or what happens if a bid comes in below the cost of legal fees and advertising. Commissioner Jordan asked for due diligence to be put forth to advertise the property, posting of signs and contacting adjoining land owners.

There were no other departmental questions.

Public Hearings

Old Business

Ms. Rountree gave a recommendation to review all fees, including the fire inspection fees, incorporate a fee schedule and hold the public hearing at the same time the budget public hearing is held.

Commissioner Jordan feels the issue is enforcement and how we can legally enforce collection procedures through the court system. The Board would like to review all fees before the public hearing is advertised. Commissioner Felton asked for a list of all fees required by general statute or state mandate. Commissioner Freeman asked about the liability if we do not have citations in place and enforce the state code.

Commissioner Owens would like the time frame to correct issues reviewed to see if it is long enough. Ms. Rountree will check the code book to see what time frame is addressed.

New Business

Sandy Pittman, Finance Director, reminded the Board an RFP for an Auditor needs to be conducted this fall. Martin & Starnes will stay with us for this fiscal year and the County will put out an advertisement for the RFP for the next fiscal year in August.

Jennifer Baptiste, County Planner, presented an updated zoning map to the Board. The zoning map was produced completely in house and represents all of the rezoning's that have taken place since 2007, those prior to 2007 to have already been updated on the map.

Commissioner Felton asked if the zoning map can be put on the website. Ms. Baptiste said the vendor has been contacted and they have confirmed they will be proceeding with updating the zoning on GIS.

Ms. Baptiste said every time a rezoning is approved the zoning map is supposed to be updated. The map being presented today includes what has been approved previously by the Board of Commissioners.

Commissioner Jordan asked for a picture of the official map be posted on the website. Ms. Baptiste stated we can post it as a jpeg for an 11x17 page.

Commissioner Felton made a motion to authorize the Chairman to sign the official zoning map. Commissioner Owens seconded the motion; motion passed without opposition.

Ms. Baptiste presented the current Planning Board membership by township and voting district as well as which members have terms expiring. The County Ordinance does not have regulations for Planning Board membership specifically to how membership is divided and how many terms may be served. Membership can be determined by voting district or townships.

Chairman Hofler said traditionally the membership has been geographically diverse to make sure all areas are represented.

Commissioner Jordan said prior to 2008 there was an approval to limit the terms of Planning Board members to two terms. The County Managers office has not been able to locate the approval of two terms in Board of Commissioner minutes. Ms. Baptiste will check the Planning Board minutes prior to 2008. Ms. Baptiste stated she would like to write-up some guidelines to be adopted into the ordinance. There is information in the ordinance for the Board of Adjustment but not the Planning Board. For Board of Adjustment it is a three year term but the ordinance does not state how many terms may be served.

Chairman Hofler stated she was on the Planning Board in 2006 and was reappointed in 2009 and was told they could serve two terms.

Ms. Baptiste confirmed there are three appointments for the Planning Board expiring at the end of May; Chuck Brothers, Wade Askew, and Brenda Felton. Ms. Baptiste stated the Planning Board serves at the pleasure of the County Commissioners and can approve a two term or three term limit. For the Board of Adjustment, Mr. Jernigan was appointed at the end of October to serve a 6 month term to complete an unfilled term.

Commissioner Jordan feels what has been done in the past has set the trends and we would not want to undo anything put in place for a specific reason. Ms. Baptiste will search the minutes again to try to find detailed information.

Ms. Baptiste explained the Board of Adjustment has 5 regular seats and two alternates; we are currently looking for two alternate members who will serve a three year term as well. The Board wants to review current members and where they are geographically represented before determining if membership should be from township or voting district.

Commissioner Freeman made a motion to table appointments to the Planning Board and Board of Adjustment until the May meeting. Commissioner Owens seconded the motion; motion passed without opposition.

Mr. Chuck Brothers, Planning Board Chairman, stated the Planner has had to go back and search minutes to find out procedures and has had to go back 10 years to find the information. This reinforces why we need to update our zoning and subdivision ordinance. There are no formal procedures given to a Planning Board member when they are appointed to the position and there are no guidelines for staff to follow. Mr. Brothers was under the understanding that after serving a two year term a member could be off the board for 12 months and then be reappointed back to the Board, but if this cannot be found in the ordinance or in the minutes then we have to review the issues and put something in writing.

Mr. Joe Greene, Board of Adjustment, Chairman, stated he was on the Board the same time as Ms. Hofler and at the end of his three year term he reapplied for a second term, he would recommend continuing with how it has been done and have the procedure added to the ordinance.

Chairman Hofler stated Commissioner Owens is currently appointed to the JCPC and he would like to continue.

Commissioner Freeman made a motion to reappoint Jack Owens to the Juvenile Crime Prevention Council. Commissioner Jordan seconded the motion; motion passed without opposition.

Patrice Lassiter, GITS Director, presented updates and changes to the System Safety Plan.

Commissioner Freeman made a motion to approve the updated GITS Safety Program Plan and Policies and Procedures. Commissioner Owens seconded the motion; motion passed without opposition.

Commissioner Freeman asked if a drivers medical records are reviewed. Ms. Lassiter stated there is a zero tolerance for alcohol and drug use but there is nothing in place to require the office to check mental health and medical records.

Ms. Lassiter presented the FY2016 Job Access Reverse Commute Program Grant Application. The Board asked where the matching funds come from. Ms. Lassiter stated the matching funds come from the ROAP program and the fares charged; the county will not be providing any additional dollars. For purpose of the grant the fares are referred to as contracted service fees.

Commissioner Freeman made a motion to approve the FY2016 Job Access Reverse Commute Program Grant Application by authorizing a letter supporting and approving the Grant and stating matching dollars will come from current funds and contracted service fees. Commissioner Jordan seconded the motion; motion was approved without opposition.

Ms. Lassiter shared with the Board anytime a driver is out of work for several days they are required to bring in a note from their doctor stating they are capable to complete driving duties. Anytime an employee is issued medication that may affect their driving abilities they are required to report it to the director.

Chairman Hofler explained 85 counties in NC have already been added to NCGS 153A-15, Gates County has not been added. The resolution before the Board is to be added to the general statute.

Commissioner Jordan feels being added to the general statute would benefit the County especially since our landfills are operated by a tri-county agency.

Commissioner Felton made a motion to approve the Resolution Requesting the North Carolina Association of County Commissioners to Advocate that the North Carolina General Assembly Amend NCGS 153A-15 to Apply to All Counties. Commissioner Freeman seconded the motion; motion passed without opposition.

Ms. Rountree presented an overview for Project Lazarus which will make the public aware of issues dealing with medication abuse. The grant would allow for better educating teachers, sheriff's departments, mental health providers and public civic organizations. The Sheriff's Department is interested in many of the items highlighted. The project will also do more with crisis intervention as well as provide education for pain management skills. Another highlight is it would allow for working with colleges and universities in the area as well as budgeting money for media campaigns. They have asked us for a letter of support stating the County supports the project and recognizes the need.

Glenda Parker with the Sheriff's Office approached the County back in the fall about adding a medication drop box. The medication drop box will be located in the sheriff's office and will be on camera. Citizens can drop off medication so it is not sold and redistributed, put in the water system or in the trash.

Commissioner Freeman made a motion to send a letter of support for Project Lazarus. Commissioner Owens seconded the motion; motion passed without opposition.

The Board discussed the rising issue of prescription medication abuse.

Sandy Pittman, Finance Director, stated Cooperative Extension has received some additional SHIP monies that must be spent by September, the budget amendment is before the Board for review.

Commissioner Owens made a motion to approve budget amendment 15 for Cooperative Extension.

The Board reviewed a surplus request from the water department for a 2001 XL F-250

Commissioner Owens made a motion to surplus the 2001 XL F-250 with an opening bid of 2,500. Commissioner Freeman seconded the motion; motion passed without opposition.

Citizen Comments

None

Commissioner Comments

Commissioner Jordan thanked citizens for attending and the Board for conducting an efficient meeting. The business carried out will be of great benefit to the community.

Commissioner Felton thanked everyone for attending and taking part in County Government and the decisions that have to be made.

Commissioner Freeman stated he appreciates the input of citizens and he enjoys hearing from citizens to gain knowledge so he can make informed decisions to benefit the entire County.

Chairman Hofler thanked citizens for attending and stated County Government reaches so many different areas not only here in the County but across the region. Those that could not attend missed an interesting meeting and we look forward to seeing everyone again next month.

Commissioner Owens thanked citizens for attending and participating and wished everyone a great Easter.

Closed Session

Commissioner Jordan made a motion to enter into closed session pursuant to NCGS 143-318.11 a (3) Legal, (4) Economic Development, (5) Real Estate, (6) Personnel. Commissioner Owens seconded the motion; motion passed without opposition.

Commissioner Owens made a motion to exit closed session. Commissioner Jordan seconded the motion; motion carried without opposition.

Adjournment

Commissioner Jordan made a motion to authorize the final payment to the CDBG recipient discussed in closed session. Commissioner Owens seconded the motion; motion passed without opposition.

Ms. Rountree stated Ms. Sass with Sass Conservation has responded and will be in touch later this week to discuss looking at the building.

Commissioner Felton made a motion to adjourn. Commissioner Owens seconded the motion; motion passed without opposition.

The following bills were ordered paid:

3/5/2015	ALVESTER HURDLE	\$100.00
